THE NEWS DURING THE PRESIDENTIAL CAMPAIGN.

We desire to have the NEWS largely circulated during the Presidential campaign. The larger our subscription list the more effectually will we be enabled to work, and to this end we trust our friends and patrons will exert themselves somewhat in adding to our present list. The nation will in November declare for GREELY and BROWN, and it is essential that North Carolina should place herself squarely on this liberal movement—for such a consummation will we earnestly labor.

In order to place the DAILY and WEEKLY NEWS within the reach of all, we will send them for a period of four months at the following rates:

DAILY NEWS.

One copy,	$ 2 25
Five copies	10 00
Ten copies	17 25

WEEKLY NEWS.

One copy,	$ 60
Five copies,	2 50
Ten copies,	4 50
Fifteen copies,	6 00
Twenty copies,	8 00
One hundred copies,	35 00

We trust our friends in the State will assist us in adding names to our list, as by a little exertion on their part we can be enabled to accomplish much good during the present campaign.

LOCAL MATTER.

E. C. WOODSON, City Editor

LOCAL BRIEFS.

The weather continues hot and dry, but the signs for rain are improving.

Alfred Williams is receiving a supply of stationery, &c., at his well-known book store, on Fayetteville street.

A colored boy had his hand badly injured by the accidental discharge of gun, a short distace from the city yesterday.

A. W. Frapps broke ground a few days ago in the rear of his furniture store for the purpose of erecting a new building.

No cases of any importance before his Honor, the Mayor yesterday. The weather is too hot to drink fighting spirits, and our readers must not expect any exciting news from that source until things cool off a little.

We are glad to learn that the stocks and pumps will be put in the wells recently dug at several points in the city, in a few days. This is as it should be, for many of the wells were left in a dangerous condition, not having the proper covering over them.

We call the attention of the Street Commissioners to the fact that Davie street, between Wilmington and Blount streets, is in a condition to render it impassable by pedestrians in wet weather, the gutters being insufficient to convey the water off.

The new building of Mr. Jeff. Fisher, on Fayetteville street, is being rapidly pushed forward to completion. It will be one of the handsomest business houses in the city when completed, and its central location makes it very desirable to business men.

HERE AND THERE.—

A Baltimore woman has been arrested for being "a common scold."

A negro said to be 105 years old cast his first vote lately in Shelby county, Ky.

A Dutch Judge, on conviction of a culprit for having four wives, decided: "He has punishment blenty; I lifs mit one."

The Albany (Ga.) *Central City* compares a lady on a dashing palfrey to "a catfish sliding on a slippery sunbeam."

A Mr. Cudgell, of Bath county, Ky., nearly cudgelled his son-in-law to death for striking his wife with a tea cup.

A colored literary club of Bainbridge, Ga., had a debate on "Which is the most useful to the human family, the dog or the buzzard?"

BE VIGILANT.—We would suggest to the police of our city to exert the utmost vigilance, as we hear of suspicious characters prowling around at unusual hours at night. Also attempts are being made to enter houses. Hard-times are coming on.

RALEIGH BAPTIST FEMALE SEMINARY.—We were informed by Mr. Hobgood, Principal of the Baptist Female Seminary, of this city, that there are 63 young ladies now in attendance and the prospects are more flattering than at the opening of any previous session. Seventy-five was the maximum number he expected at the beginning of the session, but he thinks now it will be much larger.

MEETING OF THE BOARD OF CITY COMMISSIONERS.—A regular meeting of the Board of City Commissioners was held on Wednesday evening.

Mayor Whitaker presided; present, Messrs. Churchill, Johnson, Stronach, Prairie, Battle, Dunston and Ellison.

Mr. R. S. Pullen appeared before the Board and made a statement in regard to the streets which he had opened at his own expense, giving land to the amount of over 5 acres. The Board as a compromise, allowed him $660, the amount of his taxes for this fiscal year.

On motion, it was ordered that a pump be placed in the well on Bloodworth street.

Mr. Battle, from the special Committee to prospect a street leading from Manly street to the Fayetteville road, submitted a report favorable to the undertaking.

On motion, the report was adopted and the city Surveyor ordered to lay out the street, and a Committee of five free holders appointed to assess damages.

The Committee on Oakwood Cemetery was granted further time in which to submit a report.

It was agreed that when the Board adjourn it do so to meet again on Monday evening, at 7:30 P. M., in order to receive the report of the City Surveyor, concerning the recent survey of the city.

On motion of Mr. Battle, it was ordered, that for the next 30 days, only 25 street hands, exclusive of teamsters, be employed.

On motion of Dunston, col., the fence around the new colored grave yard was ordered to be erected without delay.

Mr. Churchill, from the Committee appointed to examine the Treasurer's books, submitted a report which stated that the former Treasurer had satisfactorily settled his accounts.

The City Tax Collector reported that amongst the personal property tax, buggies and carriages are included, and as the city levies an extra tax of $1 and $3 on these articles, he asked the privilege of remitting the extra tax, which was granted.

Petitions for several new wells were referred to the appropriate Committee.

Messrs. James Baker, J. T. Foust and J. T. Harris were granted liquor license.

On motion, the Janitor of Metropolitan Hall was invested with the powers of a police officer.

The election of the police for the ensuing quarter was postponed until Monday evening.

The aggregate expenses for the city for the month of August are, per report of the City Clerk, $2,887.43. The accounts were audited by the committee and ordered to be paid by the Board

On motion the Board adjourned until Monday evening.

"The Raleigh NEWS comes to us very irregularly. We regret to miss it, as it is one of our most valuable exchanges. What is the matter?—*Salisbury Watchman.*

We have not heard for sometime of the failure of the NEWS in reaching its destination.

We can assure our cotemporary that the fault is not with us. The NEWS is mailed regularly from this office to the *Watchman.*

We hope there will be no cause for complaint in the future.

LOUISBURG FEMALE COLLEGE.—We take pleasure in referring our readers to the advertisement of the Louisburg Female College, in this morning's NEWS, under the auspices of President Royall and his able corps of Professors. This institution is rapidly growing in popular favor and deserves a large patronage. President Royall, formerly Professor at Wake Forest, is widely known as a finished and learned scholar, and most admirable instructor, and is the right man in the right place.

STILL OFF.—In reply to frequent inquiries after Jordan Stone, Esq., of the NEWS, we take this occasion to inform his anxious friends that he left Raleigh about a week ago, but his whereabouts at this time are entirely unknown to us. It is suspected, very seriously, that he is somewhere within the lines of Virginia. If we do not hear something from him soon, we shall get our Norfolk contemporaries to look out for him.—Perhaps he is not a thousand miles from their "city beside the sea."

PERSONALS.—W. M. Wingate, President of Wake Forrest College, was in the city yesterday.

Judge Howard, of Tarboro, is stopping at the Yarboro.

A. J. DeRosset, of Wilmington, is in the city, and booked at the Yarboro.

Maj. Geo. W. Sheldon, U. S. A., is stopping at the National Hotel.

Col. T. L. Hargrove, of Granville, and Judge W. A. Moore are stopping at the National.

NEW HOTEL.—The foundation for the Hotel on the corner of Wilmington and Hargett streets has been laid. It will be, when completed, one of the most conveniently arranged houses in the city and we understand will be kept on the European plan.

ARRESTED.—Two colored boys were arrested yesterday for disorderly conduct and using obscene language near Doepp's Drug Store. After detaining them a short time, the Mayor gave them a severe reprimand and discharged them, on the promise of better behavior in the future.

ERRATUM.—In our yesterday's issue, the types made us say the ball would come off at Kittrell's on the 7th and 12th, when it should have been the 11th and 12th. We made the correction in the proof sheet at the time, but it was not heeded.

APOLOGY.—In the absence of Capt. Woodson, our local Editor, we beg our readers to excuse all errors of *omission* as well as *commission* in this column. Capt. W. is still at Warren Court.

WARRENTON ITEMS.—Superior Court in session.

The ladies of the Baptist church, held a feast and festival, in the old Turnbull store opposite the Court House, Tuesday and Wednesday nights, for the benefit of the church. We are pleased to learn that the affair was a grand success, having yielded a sum sufficient for the purpose intended.

There will be a concert and tableaux at Ridgeway on Wednesday evening next for the benefit of the Episcopal church of that thriving little village. A number of ladies of the neighborhood, aided by others from this place and Oxford, will take part in the exercises, and the affair promises well for a crowning success. We shall be on hand.

The "Big Ingin" show is billed for this place Wednesday next.

The country people say the crops were never more promising at this season, and it is confidently believed that 1872 will hereafter be noted as the great corn year of Warren county.

The Warrenton merchants will leave for Northern markets next week.

It is confidently believed that 200 illegal votes were cast for Caldwell in Warren county.

A CAPITAL SELECTION.—We are glad to learn that Mr. W. A. Sampson, of Guilford, the accomplished President of the Springfield Agricultural Society, of that county, has accepted the call made upon him by the Executive Committee of the North Carolina Agricultural Society, to deliver the annual address before the Society on the Fair grounds at the Fair which commences on the 15th of October ensuing, and continues four days as usual. This address will be on Thursday the 17th.

Mr. Sampson is in its true sense, an intelligent, practical farmer, and will present to his hearers the result of an experience obtained by practical tasks, in regard to the greatest of all our material interest to Agriculture. Drainage fertilizers and the use of the best implements, &c., &c., will doubtless be treated of, and a vast amount of valuable information be gained by all who may be fortunate enough to hear the address.

WARREN SUPERIOR COURT.—The Fall Term of Warren Superior Court is now in session, Judge Samuel W. Watts presiding. The dockets, both State and civil, are light and the business will finish this week. The week so far has been occupied in the trial of unimportant State cases, nearly all of which the offending parties have been found guilty, but being small cases fines and costs have been the penalties attached. Warren will send no delegation to the State Penitentiary this season.

We notice in attendance upon the Court, the following members of the Bar: Hon. B. F. Moore, Gen. W. R. Cox, F. H. Busbee, W. Hamilton Young, Raleigh; G. Badger Harris, Col. L. C. Edwards, Granville; W. H. Day, W. P. Solomon, Halifax; Capt. J. J. Davis, Franklin, and the Warren Bar in full force and effect.

CONCERT.—Tickets to the concert, for the benefit of the church at Ridgeway, are for sale at the Yarborough House, Tucker's store, Alfred Williams' book store, and at the State, Citizens', and Raleigh National Banks. The concert will be a splendid affair. Tickets only 50 cents and for a laudable object, to raise a fund to complete the church. A train will leave Raleigh at 4:30 P. M., and arive at Ridgeway at 7:45 and returning will leave Ridgeway at 1:30 arriving at Raleigh to breakfast. Return tickets only *one dolear.* Supper will be had at Kittrell's. We see lots of fun a head for the young people, as a hop will take place soon after the concert. The music will be splendid, the very best talent has been secured for the occasion. Suppose we all go and those that cant do so, buy a ticket and lends a helping hand.

ARRESTED.—One of Uncle Sam's pets in blue, having indulged too freeley in benzine, was arrested on Fayetteville Street yesterday for disorderly conduct and lodged in the station house to cool off. Nobody hurt.

IN THE CITY.—David Anderson, Esq., the gentlemanly State agent for the Florence Sewing Machine, is in the city, Mr. Anderson is in fine health and the Machine he represents has no superior in the market.

LEFT.—A. J. Burton, Esq., will leave this morning to recruit his health. He has been quite indisposed for several days, and under the advice of his physician, he will take a little relaxation with the hope of benefitting his condition.

WOODSON of the Raleigh NEWS is the best local Editor in the State.—*Durham Tobacco Plant.*

As Woodson is absent, we take the liberty of publishing the above. His *modesty* would not permit it if he were here.

TONSORIAL.—Those who desire a good shave can always find it under Gulley Bros' store, on Fayetteville street, where Burgess Reid and Alfred Patterson will be found attentive and polite and will give satisfaction to their customers.

Issac Hall, a colored boy, killed on yesterday, in the Eastern Ward, a highland moccassin four feet in length and six inches around.

NOON DISPATCHES.

Mr. Greeley Speaks in Connecticut.

BRIDGEPORT, August 29.

Greeley addressed a vast impromptu crowd. He said: "This great gathering I receive as something which forty years of active and earnest life may possibly have in some measure invited, but which I did not anticipate. Allow me, then, when I receive it as an evidence of personal good-will, and in some measure of confidence, to make a single remark with reference to one aspect of the great struggle now going on in our country. Strategy in politics is the tribute which craft pays to strength; the wolf's skin proving too short, the fox's tail is pressed into service to piece out. (Laughter and cheers.) You see at this day a great party struggling to avoid defeat by distracting and breaking up the host which is opposed to it. You would not have Federal office-holders working so hard to get up a third ticket if they did not feel sure that between the two tickets already in the field, the verdict will be against them. (Cheers and cries of "right, old hoss.") The effort, then, to distract the host on our side is a confession of despair—as such, receive it. The confession remains, the despair is not likely to pass away." (Applause.)

Massachusetts Republican Convention.

WORCESTER, August 29.

Thomas Talbott was nominated for Lieutenant Governor. The other officers were re-nominated. There were 950 delegates, of whom 259 voted for Butler. The resolutions accept and ratify the platform and nominations of the Philadelphia Convention, and eulogise the national administration for its home and foreign policy. They declare the treatment of the Southern States during and since the war characterized by unparalled moderation, clemency and magnanimity, and repudiate the pretensions of the Democratic party and its recent recruit and say they are partizans of a new policy of reconciliation as utterly despised by the records of the past twelve years, and are unworthy an attempt, for the sake of supposed political advantage, to fasten reproach upon the fair fame of the country.

Great Destruction by the Cotton Worm in Alabama.

MONTGOMERY, August 29.

Reliable reports from all quarters of Alabama represent the destruction of cotton by the worms more thorough than ever before. They have eaten the leaves and forms until the fields are bare as after a frost. The naked condition of the plant reveals the fact that the nature of the fruitage is not so great as usual at this season. Fears of almost universal bankruptcy among the planters are entertained. No one expects a crop equal to last year.

West Virginia Election.

WHEELING, August 29.

The *Intelligencer* has a corrected report from forty-six counties, most of them official, which give Gov. Jacob a majority of 3,206. The reports on the constitution from forty-one counties give a majority of 10,90 for the ratification. Eight counties are yet to be heard from on the Governor and thirteen on the Constitution.

The *Intelligencer* estimates that this will reduce Jacob's majority to 2,500 and increase the majority for the Constitution to 2,000.

The *Inter-Ocean* publishes the following:

NEW YORK, August 27, 1872.

My Dear Sir: I was and am in favor of the Louisville movement. Even the mere profession of adherence to Democratic ideas must soon disappear if without our marked dissent the party can be transferred to its dead list.

It is a "sine qua non." We have made with it, in addition to the usual household work, over one hundred garments, large and small, including Pants, Coats, Dresses, &c., some of which were heavily trimmed, two of the dresses containing from 100 to 125 yards of tucking. IRREVERENCE.

"THERE MAY BE SOME DEMOCRATS PRESENT WHO ARE REPENTANT AND I LIKE TO PREACH TO SINNERS. YOU HAVE HEARD OF THE FELLOW WHO SAID, 'I CAME NOT TO CALL THE RIGHTEOUS, BUT SINNERS, TO REPENTANCE.' "—*Delano in his speech at Raleigh.*

IN THIS FAITH, AND WITH THE DISTINCT UNDERSTANDING THAT IF ELECTED, I SHALL BE THE PRESIDENT, NOT OF A PARTY, BUT OF THE WHOLE PEOPLE, I ACCEPT YOUR NOMINATION IN THE CONFIDENT TRUST THAT THE MASSES OF OUR COUNTRYMEN, NORTH AND SOUTH, ARE EAGER TO CLASP HANDS ACROSS THE BLOODY CHASM, WHICH HAS TOO LONG DIVIDED THEM, FORGETTING THAT THEY HAVE BEEN ENEMIES, IN THE JOYFUL CONSCIOUSNESS THAT THEY ARE, AND MUST HENCEFORTH REMAIN, BRETHREN. —HORACE GREELEY.

"We want a President without a party; a government without corruption; a Congress without price; and a Judiciary without politics."—*B. Gratz Brown.*

A REQUEST.

We would be glad to get the full name and Post Office address of every member elect to the Legislature, so that we may publish a correct list for the information of the public. The first list published by us was very inaccurate, although we notice it continues to be copied by our cotemporaries.

Will not some friend in each County send us the desired information concerning his own member or members?

GRANT'S ACTS vs. GREELEY'S WORDS.

The Radical papers are very fond of parading before the eyes of the Southern people the language of Horace Greeley, used by him in opposition to the Democratic party and in favor of Grant and Re construction.

Many expressions are attributed to Greeley which no Southern Democrat can approve; but it has frequently turned out that the bitter editorials alleged to have been written for the *Tribune* by Greeley were in fact not penned by him at all.

The tone of his articles generally was conciliatory and magnanimous. He spoke oftener in kindness than in anger of the Southern people. He has been a persistent and unyielding advocate of universal amnesty and has labored as no other Republican of the North has done, to strike the political shackles from the hands of every Southern citizen—without exception.

One act in his life—that of becoming one of the bondsmen of Jefferson Davis—is a strong illustration of the principles which have guided him since the close of our fratricidal war.

Mr. Greeley, as a Northern Republican and as an advocate of many of the acts of the Radical party, has used many harsh expressions during the excitement of political discussions which we utterly condemn and repudiate.

But all that has passed. He now comes before the country as the candidate of re-union and reconciliation.

He now opposes all farther hostile legislation by Congress against the South.

He opposes any farther usurpation of power by the National Executive.

He opposes the carpet-baggers and thieves who have pounced upon the Southern States, like birds of evil prey, and have robbed, and impoverished and bankrupted our people.

He opposes the extravagance and corruption of the present Administration, and advocates civil service reform, the cleansing the Augean stables of Revenue officials, and the restoration of pure and honest government for the whole people.

He favors justice to the South and obliteration of the bitter memories of the war.

He desires the people of the two sections that were lately engaged in armed hostilities, to forget "that they have been enemies, in the joyful consciousness that they are and must henceforth remain brethren."

Mr. Greeley's bitterest opponents have not dared to breathe a suspicion against his personal integrity. The universal testimony of both friends and foes is, that Horace Greeley is an honest man.

At all events, the people of the South confide in his promises, and in the sincerity of his present position, *and are willing to trust him.*

While, therefore, he has used many expressions which we do not endorse, yet what does his former language have to do with the present contest—in which we are struggling against despotism and military rule, and he fighting on our side, and against our oppressors?

What are the former words of Greeley compared with the cruel acts of Grant?

Greeley may have spoken harshly and unjustly; Grant has acted cruelly and tyrannically towards us.

Greeley now holds out the olive branch; Grant flaunts the red banner of strife and sectional agitation.

Greeley now clamors for a restored sisterhood of co equal and independent States; Grant promises the same policy which has marked his Administration—a policy that drowns the voice of civil law during the reign of the sword.

Greeley favors the subordination of the military power; Grant asks for the suspension of the writ of *Habeas Corpus*, and court-martials, and all the rigor and heartless severity of a despotic rule.

Let us put Greeley's words against Grant's acts. Let us then compare the attitude of the two men—the one pleading for charity, and kindness, and magnanimity, and confidence, and friendship; the other clamoring for the still farther prosecution of a people bowed down by disasters and woe, and bending under the weight of accumulated sufferings and misfortunes.

Can any Southern man hesitate?

Can any Northern man, who is desirous of restoring the government to the constitutional land marks, or is anxious that the bonds which were rent asunder shall be re-united and welded together, hesitate as to the choice he should make?

The case is too plain for argument.—We cannot conceive how any honest man or true patriot can have any doubt as to the course he should pursue.

GRANT'S BEEF EATERS.

This unique and *voracious* title is given by the New York *World* to that class of Revenue officers who are bleeding the Treasury and robbing the people of the taxes that should go into the hands of the Government.

The *World* takes up the Southern States in turn, and shows the unjust and iniquitous operation of the Revenue law in each.

The following on the subject of *Grant's Beef-Eaters in North Carolina* will be found interesting and hurtful to the Radical party.

It is a good campaign document. Cut it out and preserve it:

"The receipts from the four articles still remaining to be taxed of internal revenue in the Seventh District of North Carolina in 1871 were as follows:

From spirits	$16,671.25
From tobacco	2,080.34
From fermented liquors	—
From banks	—
Total collection	$18,751.59

Amount appropriated in 1872-3 for collecting the above was $16,000, which is a fraction over 85 per cent. on the collection. Or, in other words, the Treasury receives $2,751.59, and Grant's beef-eaters receive $16,000.

It may be interesting, if not to the public at large—being simply the *subjects* of a Cæsarean oligarchy—at least to nature's great work of perfection, Civil-service GEORGE WILLIAM, to know that in 1871 there were still the following articles on the internal revenue statute, viz.:

Cross receipts on railroads, telegraph, stages, &c.

Tax receipts on sales.

Tax receipts on special taxes.

Tax receipts on income.

Tax receipts on spirits.

Tax receipts on tobacco.

Tax receipts on fermented liquors.

Tax receipts on banks.

Tax receipts on gas.

Tax receipts on legacies and successions.

Tax receipts on articles in Schedule A.

On all these articles taxes were collected up to October, 1871. The appropriation for collecting was in the Seventh District of North Carolina $14,000.

After abolishing all the taxes except on four articles, viz: spirits, tobacco, fermented liquors, and banks, there was appropriated for the very fiscal year we are now in, 1872-'3, $16,000, or $2,000 more than in 1871-'2.

Whatever the faults with which Mr. Greeley is charged by his enemies we may be morally certain that he never would have countenanced or allowed the above swindle if he had been at the head of affairs."

The time for filing claims before the Southern Claims Commission expires on the 21 of March next, and all claims not presented on or before that day must take the risk of a failure by Congress to further extend the time.

EARLY AND WISE.

It has been circulated in the Radical press that both these distinguished Virginia politicians were against Greeley and in favor of the re-election of Grant.

Gen. Early, several days since, over his own name, contradicted the rumor and declared that he would prefer Greeley to Grant, if compelled to go for either. He said that all his political friends were for Greeley and his opponents for Grant, that while he would prefer to stand aloof in the contest—he could, under no circumstances, support Grant; but if compelled to make choice he would go with his friends who were advocating Greeley's claims.

Gen. Wise has recently written a letter to Gen. Early, to the same effect, in which he denies positively that he will have anything to do with the Louisville Straight-Out Convention, or that he will support its nominees. Gen. Wise will neither support Grant nor Blanton's candidate.

In this connection, we would state that we deprecate the tone of some of our Democratic cotemporaries, who commence a system of ridicule and abuse of such men as Henry A. Wise, Jubal A. Early and the like, as soon as the Radicals parade their names as opponents of Greeley or supporters of Grant.

In the present attitude of parties, numbers of our former political allies are hesitating and slow to take their positions. We submit that ridicule and abuse are not the weapons to enlist their co-operation and influence.

IN THE FIGHT.

General R. M. Henry, of Buncombe County, one of the ablest and most influential Republicans in Western North Carolina, who supported Caldwell in the State election, is now on the stump for Greeley and Brown, and is making effective speeches in support of the Liberal cause. He spoke at Murphy, Cherokee county on the 20th inst., to a large audience.

Gen. Henry is the Solicitor in the 12th Judicial District, and is the recognized leader of the Republican party in that section of the State. He has done more for his party than any man West of the Blue Ridge.

His accession to the Greeley cause will produce a split among the white Republicans of the West.

Our advicies from Gen. Henry's District are to the effect that our majority there in November will be largely in excess of what it was in August.

General Henry's name is a tower of strength among the Republicans, and as he has determined to throw his whole energies into the reform movement, we shall look forward to a general stampede from the Radical camp across the Blue Ridge, before the Presidential election.

SIGNIFICANCE OF THE WEST VIRGINIA ELECTION.

The Raleigh *Era* affects to rejoice over the result in West Virginia as if it was a Radical triumph.

The truth is, that the Governor elect, Jacob, although supported by the Republicans, is for Greeley and Brown.

This we state upon the authority of the Richmond *Dispatch*.

The *Era* also rejoices at the defeat of the new Constitution. The truth is the new Constitution has been *adopted*. See our telegraphic columns.

There is no doubt that West Virginia will go for Greeley.

MACON AND CHEROKEE.

These two staunch Democratic Counties are not very healthy places for the growth of Radicalism.

At Smith's Bridge, in Macon County, one hundred and thirteen votes were polled—all for Merrimon, Vance and Love. *No Rad there!*

At Cheoah, Cherokee County, one hundred and fifteen votes were polled—all for Merrimon, Love and B. K. Dicky. *No Rad there, either!*

THE CROPS IN EUROPE.—The reports of the condition of cereals in France are favorable. The crops are pronounced very good in forty-two departments, good in thirty-seven, passable in size, good in Corsica, and excellent in Algeria. Yet the estimates of probable yield in America and Eastern Europe indicate that those countries cannot furnish the customary supplies of breadstuffs, and that England and Italy will require more than usual. The export from France may possibly exceed 10,000,000 hectolitres, but it is feared that the increase of French taxes on foreign bottoms will have a bad effect on commerce and restrict the facility of transportation.

BISMARCK BEATS A RUSSIAN JOB.—The Paris *Patrie* says that some time ago the Prussian Government agreed to sell all the French chassepots taken during the war—having need of the money and not designing to use them for its own armies—to a political or a military personage from South America. The bargain was concluded, and all that remained to be done was some formalities, when at the very moment of delivery the Prussian Government suddenly changed its mind and broke off the whole negotiation. At the last moment the Berlin Cabinet learned that in this affair the South American was only an intermediary, and that the arms had really been purchased by Russia.

Thiers, it is said has recovered possession of his whole library—which was seized by the Communists—with the exception of some twenty volumes. His chief loss is in manuscript letters.

The London *Daily News* Paris correspondent contradicts the report that the Duc d'Aumale intends to retire from public life in consequence of the death of his son, the Duc de Guise.

Mysterious Murder in Baltimore.

We give the following extract, taken from the Baltimore *Gazette*, of the murder of Mrs. Wheat, in that city:

"The occupants of the house numbered in all six persons. First may be mentioned the venerable victim of the frightful crime, Mrs. Amelia Wheat, the widow of the late Nathaniel Wheat, who many years ago conducted an extensive livery stable establishment on West Baltimore Street, between Green and Paca streets, where, before retiring from business, he amassed a handsome competence, estimated to be worth from $90,000 to $100,000, all of which was left to Mrs. Wheat at his death. The next important personage to be mentioned in connection with the terrible tragedy is the alleged perpetrator of the unnatural crime, a young man named Jesse Uppercue, or Jesse W. Uppercue, as he has generally been called to distinguish him from two other members of the family whose names are similar to his own.

Mr. Uppercue has been for the past year and a half a law student in the office of John P. Poe, Esq., a prominent member of the bar of this city. He graduated at St. John's College, of Maryland, after which he spent some two years in Europe, at the Heidelberg University, preparing himself for the bar. He is evidently a man of considerable educational acquirements, gentlemanly address, a pleasant and intelligent speaker, and his manner and general bearing are those of a gentleman.

His personal appearance impresses one favorably. He is about five feet ten inches in height, of slender though graceful physique. His features are regular, high forehead, clear grayish eyes, aquiline nose, compressed mouth, thin lips, white teeth, with florid complexion. His only facial adornment is a tuft of reddish beard clinging to his chin, which might be termed a goatee. His hair, which was hanging in loose curls over his wellshaped head, is of a slightly reddish caste. His dress was a linen suit negligently worn, and his manner evinced impatience or nervousness, to which may be added a becoming modesty of bearing. In talking he is quick, with rather peculiar accent for an American, but is careful in the choice of words, speaking grammatically and intelligently.

The other occupants of the house consisted of Mrs. Sarah. Uppercue and Miss Margaret Uppercue, the mother and sister of the accused, the former aged about 60 years, and of lady-like deportment, and the latter about 20 years. The only other occupant was a colored woman named Henrietta Marriett, who was raised in the family during the lifetime of Mr. Wheat, and has been a servant at the house for the past two months, or since it has been occupied.

There is no blood relation existing between the Uppercue and Wheat families, the only tie being that of marriage, Mrs. Uppercue having married Mrs. Wheat's brother, thus making young Uppercue her nephew-in-law. Mrs. Wheat, the deceased, has one sister living, a Mrs. Reed, residing at 27 South Fremont street, and has also other blood relatives, including nephews and nieces. Soon after the death of Mr. Wheat, however, his widow became greatly attached to Jesse, the accused, and had provided from her own means for his support and education, and frequently expressed her intention of adopting him as her son and heir.

These facts were well known to the other members of the family, and occasioned some jealous feelings, but it was generally understood and acknowledged that all of the property owned by Mrs. Wheat, would revert at her death to young Uppercue, to whom, it is claimed, she was devotedly attached up to almost the hour of her death. It seems almost impossible that the accused could have, in return for this lavish kindness, murdered his benefactress, yet the evidence, which is published below, though only of a circumstantial character, is strongly against him. A motive, though of the basest sort, is also shown, and it will be necessary to have strong rebutting testimony to convince a jury of his innocence of the horrible crime which has been brought to his door. Members of the family of Mrs. Wheat, many of whom were assembled at the house of mourning yesterday, even went so far in their expressions of opinion as to implicate near relatives of the accused with complicity in the crime. The authorities have, however, taken no notice of their suspicions, and the mother and daughter, after testifying at the inquest, were permitted to return to their home.

The exact time of the murder is unknown, as the testimony of the witnesses differ somewhat on this, as on other points, but the general impression is that the fatal shot was fired two hours after midnight, or at 2 o'clock yesterday morning, at about which time the clear sharp report startled the residents in the immediate neighborhood from their slumbers, and a few minutes later, on the discovery being made that a murder had been committed, a general alarm was created. Some other pistol shots were fired, by persons living in the vicinity, from their front windows, for the purpose of attracting the attention of the police.

On the arrival of several excited persons on the scene, a few moments after the shot was fired, young Uppercue was found in a reclinging posture against the door of the dining room in excessive grief or great excitement. His manner was wild, bordering upon frenzy, and he appeared to be in terrible state of mental anxiety and suffering. He stated to Sergeant Handy and others that the house had been entered by burglars, who had attempted to rob the house, and had shot and killed his aunt, Mrs. Wheat. Mr. Uppercue's statement, as given to the *Gazzette's* representative, will be found below, covering the particulars as related to the officers. His explanation not being satisfactory to the officers, he was at once removed under arrest to the Western Police Station.

At about daybreak, Captain Lepson, Sergeants Handy and Earhart, and other officers of the Western District, proceeded to the house for the purpose of making an official examination of the premises, to determine, if possible, whether or not the dwelling had been entered by burglars, but their efforts in this direction served only to convince them that the murder had been perpetrated by some one within the house. The upper communicating rooms on the second story front building presented the appearance of having been disturbed by burglars, but nothing, as far as known, was missing except some jewelry and a small amount of money, which Mr. Uppercue, the accused, states were stolen from him. A trunk in the front chamber had been opened and its contents of papers scattered around the room, while the back chamber floor was also strewn with similar articles. The next examination made was of the lower portion of the house, for the purpose of ascertaining whether or not the burglars had broken into the building. On reaching the kitchen door the officers were rewarded by finding the door open and upon examining more closely it was found that the "keeper" or "catch," a small piece of cast iron, into which the lock turned, had been forced or taken off, leaving the door unprotected. The catch had been secured to the door in the usual horizontal position, fastened with two screws. A moment's glance was sufficient to show that the door had *not been forced from without*, as not the slightest particle of wood adhered to the thread of the screw, which must have been the case had they been forced from their position. It is probable that a slight push on the door from without would have snapped the brittle iron of the "catch" and left the screws remaining. The appearance of the door indicated that the screws had been removed *from within*, and the discovery, a few minutes later of a small screw-handle driver, indicated that these had been removed in that way.

Sergeant Handy continued his search around the premises for something else that might throw some light on the mysterious tragedy, and in a few minutes found a pistol, a Sharp's four shooter, with a barrel discharged, lying on the landing at the hall-way. This he also secured, and the accused was soon after removed to the police station, under arrest. In the out-house in the yard a bottle of chloroform was also found, half emptied."

SPECIAL NOTICES.

A PERILOUS SEASON.—Glorious and delightful as the Summer weather is, its tropical heat is a severe trial to the vital powers. Even the strongest are sometimes prostrated by its effect. The common phrase applied to this condition of the body is "general debility." Now, general debility arises from, and includes a variety of ailments. The liver is more or less affected, the bowels are either constipated or too much relaxed, the stomach but half performs the work of digestion, the appetite is poor, and the spirits depressed. This is what is called general debility. It is a general disarrangement of all the physical functions, and requires as a remedy a medicine that will regulate them all. Hostetter's Stomach Bitters is especially adapted to this purpose. Its general operation is not confined to a single organ. If the liver is affected, it restores its tone; if the stomach is torpid, it regenerates it; if the nerves are tremulous and weak, it braces and reinforces them; if the mind, which ever sympathizes with the body, is gloomy and despondent, it relieves the difficulty, and soon brings the whole mechanism of the body into harmony with the laws of health.

There is no civilized nation in the Western Hemisphere in which the utility of Hostetter's Stomach Bitters as a tonic, corrective and anti-bilious medicine, is not known and appreciated. Throughout the Tropics it is considered, both by the people and the profession, the standard specific. While it is a medicine for all seasons and climates, it is especially suited to the complaints generated by the weather, being the purest and best vegetable stimulant in the world.

Beware of the Bitters made of acid and dangerous materials, which unscrupulous parties are endeavoring to foist upon the people. Their name is legion, and the public has no guarantee that they are not poisonous. Adhere to the true remedy, Hostetter's Bitters, sold only in glass, and never in kegs and barrels.

A SAD FALLING OUT.—It is indeed a sad falling out when, after years of the closest intimacy, the hair parts company with the head. Fortunately the lamentable separation may be easily prevented and the twain more closely united than ever by a timely and systematic use of LYON'S KATHAIRON, the most potent invigorant of the hair and promoter of its growth and beauty known to modern pharmacy. It completely obviates the dry and parched condition of the roots of the hair, which is preliminary to its coming out, by supplying the precise degree of moisture requisite to its preservation in a healthy state. It is the only true dissolvent and evaporant of dandruff and other impurities of the scalp, whose presence is injurious to the hair. As a beautifier of the head the Kathairon has no equal. It but improves its quality immediately, imparting a lustrous appearance and silky texture which are exceedingly attractive.

SUICIDE COMMITTED.

As the result of an inactive state of liver and stomach, producing headache, obtuse intellect, dullness, despondency, dementia, and finally insanity, is no uncommon occurrence. All these disagreeable symptoms and bad feelings are most certainly dispelled by the use of Dr. Pierce's Golden Medical Discovery. It revitalizes and builds the whole system. A little book on Chronic Diseases sent free. Address R. V. Pierce, M. D., Buffalo, N. Y. Golden Medical Discovery sold by all druggists.

DR. SAGE'S CATARRH REMEDY.—$500 reward for an incurable case. Sold by Druggists at 50 cents.

LASTING LOVELINESS.—Twenty years ago, when paint, pearl powder and enamel, were ruining the complexions and destroying the health of women of fashion, HAGAN'S MAGNOLIA BALM was brought out as a pure botanical cosmetic, guaranteed to restore bloom and beauty to the skin.—From that time to the present it has been continually rising in public estimation as the safest and most unexceptionable preparation of its class. Instead of producing an artificial, metallic surface, like the deadly enamels, or wilting the cuticle, like the deadly poisonous fluids sold under various names as "beautifiers," it keeps the skin as soft as velvet, renders it as smooth and glossy as satin, and imparts to it that delicate, rosey tinge, which is the beau ideal of complexional loveliness. This exquisite chromatic effect is not transient.—By applying the Balm daily it may be prolonged from youth to age. A lady who purchased the first bottle of the article nineteen years ago, writes to say that her complexion at forty is "purer, clearer and more brilliant than it has ever been;" and she attributes its beauty solely to the daily use of HAGAN'S MAGNOLIA BALM.

A WHOLE PEOPLE'S OPINION.—When a nation of forty millions accepts and endorses as a Standard Restorative an article that it has had the fullest opportunities of testing during a period of twelve years, who can be so absurdly incredulous as to doubt the excellence of the preparation? PLANTATION BITTERS has passed through this ordeal and is now the most popular proprietary medicine on this continent. It would be difficult to find an adult of either sex between the Atlantic and the Pacific or between the northeast corner of Maine and the Gulf of Mexico, who does not know, either from personal experience or observation, that this renowned vegetable remedy is the purest tonic and stomachic and the finest alterative and regulating medicine at present before the world. As a preventive of, and cure for diseases generated by malaria, and as a specific for dyspepsia, rheumatism and all nervous and bilious affections, it is admitted to be fairly pronounced the Favorite Household Tonic and Alterative of the Western Hemisphere.

ASTHMA.—Jonas Whitcomb's remedy. Prepared from a German recipe obtained by the late Jonas Whitcomb, in Europe. It alleviated this disorder in his case when all other appliances of medical skill had been abandoned. Joseph Burnett & Co., Boston. For sale by all Druggists.

SUBSTITUTES IN THE DENTAL RANKS are not desirable; therefore, keep the natural teeth sound and pure with that wholesome vegetable elixir, Sozodont. Do this, and they will last as long as the breath lasts, and the breath itself will never be tainted.

TO OWNERS OF HORSES AND CATTLE.—Tobias' Derby Condition Powders are warranted superior to any others, or no pay, for the cure of Distemper, Worms, Colds, Coughs, Hyde Bound, Cold, &c., in Horses, and Colds, Coughs, Loss of Milk, Black Tongue, Horn Distemper, &c., in Cattle. Price 25 cents. Depot, 10 Park Place, New York.

PHYSIOLOGISTS SAY THAT OUR BODIES are renewed once in seven years. The material of which they are reconstructed is the blood, and unless it be fully charged with the elements of vitality, the strength and health of the system decline. Of all blood depurents, Dr. Walker's Vinegar Bitters is the safest and most infallible. There is no disease, arising from depravation of the blood, which it will not speedily cure.

FOR DYSPEPSIA, indigestion, depression of spirits and general debility in their various forms; also, as a preventive against Fever and Ague, and other intermittent fevers, the Ferro-Phosphorated Elixir of Calisaya, made by Caswell, Hazard & Co., New York, and sold by all Druggists, is the best tonic, and as a tonic for patients recovering from fever or other sickness, it has no equal.

CARBOLIC SALVE, recommended by Physicians, as the great Healing Compound. Price 25 cents per box. John F Henry, sole Proprietor, 8 College Place, New York.

CHRISTADORO'S HAIR DYE stands unrivalled in the world. No lady or gentleman of discrimination uses any other. It is the most perfect, reliable and effective Hair Dye in the world. Manufactory, 68 Maiden Lane, New York.

THURSTON'S IVORY PEARL TOOTH POWDER.—The best article known for cleansing and preserving the teeth and gums. Sold by all druggists. Price 25 and 50 cents per bottle. F. C. Wells & Co., New York.

RISLEY'S BUCHU is a reliable Diuretic and Tonic for all derangements of the urinary and genital organs. The genuine, as formerly sold by Haviland, Harral & Risley, and their branches, is now prepared by H. W. Risley, the originator and Proprietor; and the trade supplied by his successors, Morgan & Risley, New York.

SVAPNIA, or opium purified, the most perfect anodyne in the market, made by process of Dr. I. M. Bigelow, Detroit Medical College. Is always uniform in strength, which is rarely the case in other preparations of Opium.

PRATT'S ASTRAL OIL, has a world-wide reputation as the surest and best illuminating oil. Over two million gallons have been sold for the past two years, from which no accidents of any description have occurred. Send for circular. Oil House of Charles Pratt, established 1770, New York.

WE HAVE FREQUENTLY HEARD mothers say they would not be without Mrs. Winslow's Soothing Syrup, from the birth of the child until it has finished with the teething siege, under any consideration whatever.

THE SECRET OF BEAUTY.—What is it? no longer asked, for the world of fashion and all the ladies know that it is produced by using a delightful and harmless toilet preparation known as G. W. Laird's "Bloom of Youth." Its beautifying effects are truly wonderful. Depot, 5 Gold Street, New York.

STRONG TESTIMONY.

STEUBENVILLE, OHIO, Sept. 4, 1871.

Dr. Wm. H. Tutt:

Dear Sir—I feel it a duty to you and to suffering humanity to make public the great merits of your Extract Sarsaparilla and Queen's Delight. For years I have been a great sufferer, my general health broke down, and I was afflicted with nervousness of the most terrible character, which was soon followed by an eruption all over the body, forming large ulcers in some places, and attended with rheumatic pains. Tongue cannot describe my suffering; I was reduced almost to a skeleton, and had a perfect loathing of food. I was attended by several physicians, who rendered me no relief. I despaired of ever getting well again; but thanks to a kind Providence, I accidently heard of your medicine. I sent for half a dozen bottles and before I had taken three I began to feel better, my appetite improved, and the rheumatic pains became less severe and I could enjoy sleep. I have continued its use, and have taken eleven bottles, and believe I am a sound man again. The ulcers have all healed, my skin is smooth and healthy, and I have gained 22 pounds in weight. I believe my sickness resulted from a taint of scrofula. I would earnestly recommend your compound to my fellow sufferers.

With deep gratitude to you,
I am ever your friend,
JAS. FRANKLIN.

Dr. Tutt's Liver Pill are a mild and gentle purgative, possessing the peculiar merit of acting as a powerful agent in relieving congestive or torpid liver. They have no equal.

Dr. Tutt's Hair Dye is endorsed by the Best Chemists.

☞ KOSKOO.—This celebrated Medicine has attained a high reputation, as a reliable remedy for Purifying the Blood, Restoring the Liver and Kidneys to a healthy action, and "Toning up" the Nervous System. Its numerous and remarkable cures of the worst forms of Scrofula, Dyspepsia, Rheumatism, Liver complaint, Kidney Disease, Eruptions of the Skin, Nervous Prostration, &c., has caused it to become a standard remedy. It is now prescribed by physicians, and recommended by our best citizens.

THE CONNECTICUT TOBACCO CROP.—The crop which is now being cut and housed in East Hartford is undoubtedly the largest and most prolific ever grown there, and it is estimated by good judges, that this year's crop, reckoning the price of last year as a basis, will bring the farmers from a million to a million and a half of dollars. There have been probably from twelve to fifteen hundred acres of tobacco planted this season in East Hartford, Willow Brook and Hockanum alone, none of which is worth less than a thousand dollars the acre, and some is held at a price above that figure. Immense crops of ground that were formerly devoted to the cultivation of strawberries, and other garden produce are now devoted exclusively to the culture of tobacco, for that brings the producer much handsomer return than any other crop that can be raised from the soil, and is more readily converted into cash than the crop in the Housatonic Valley. It had a bad start, but the warm weather has given the plant a lively growth, and the yield promises to be above the average. Cutting is now almost done.—*New Haven Register.*

THE PUNISHMENT FOR DRUNKENNESS.—The sentence of Thomas Taylor, of the Marine who was tried in Washington for drunkenness on his post, has been promulgated. He has been sentenced to two years' solitary confinement on board the Wyankank and to forfeit all his clothing and pay due him. He has been about a week in this prison. Thomas Dorey, a fellow-marine, who was intoxicated at the time, when Sergeant Taylor was in trouble, very unceremoniously took French leave. The marine officer, who has been so severely sentenced as an incorrigible and persistent drunkard, as set forth in the charges and specifications. It is presumed that the severe sentence will make a teetotaller of him—as long as he is in solitary confinement—but such a plan to convert him to the temperance cause could only be invented only in the navy.

HUNTED DOWN.—In 1861 a man named Westbrook killed a Mr. Harris at Vicksville, Miss., was arrested for the crime, and after a preliminary examination committed to jail without bail. At this time a civil war was in progress, and the legal tribunals were not operating with the smoothest in the world, so that Westbrook's trial was not speedy before the courts. While still confined in jail the Federal forces took possession of the town of Panola, where the jail was located, and liberated Westbrook, together with a number of other prisoners. Eleven years after the first incarceration of Westbrook for this murder, he was re arrested in Arkansas for the same offence, taken back to Mississippi on a requisition from the Governor and incarcerated in the Panola county jail, to await his trial for the murder committed by him eleven years ago.

FOR SALE.

THE YARBOROUGH HOUSE FOR SALE.

By virtue of a judgment rendered at Spring Term, 1872, of the Superior Court of Wake county, in the action entitled William R. Pool, Executor of Edward Yarborough, deed, vs. Hannah H. Yarborough and others, the heirs and devisees of the said descendent, I will on

The 31st Day of August Next,

expose to public sale, on the premises, the valuable property known as the Yarborough Hotel.

This property is situated on the Eastern side of Fayetteville Street, in the city of Raleigh, and embraces about one acre of ground—it is one of the most central points in the city, being not more than four hundred yards distant from the Depots of the Raleigh & Gaston, the Raleigh & Augusta Air Line, and the North Carolina Railroads; within one hundred yards of the proposed Masonic Temple; the same distance from the Post office and Federal Court House; on the opposite side of the street from the Wake County Court House, and within five minutes walk of the Capital.

The hotel building is three stories high and contains forty-seven guest chambers, a dining room, two parlors, a reception room, office and three family rooms. The rooms are commodious and well ventilated; the passages are broad and spacious; the dining room, parlors and office are large, well lighted and comfortable, both in summer and winter.

All the buildings on the premises are in excellent order, and afford every convenience to hotel keeping.

The terms are as follows: One-fourth of the purchase money in cash; the residue in three equal instalments, bearing interest, at six, twelve and eighteen months from the day of sale; the first of the credit instalments to be secured by bond with at least one good surety, title withheld until payment of the purchase money; and so long as any part of the purchase money remains unpaid, the purchaser to insure the buildings on said lot, in a sum equal to such unpaid balance, the loss, if any, to be applied to the payment of said purchase money; and should the purchaser fail so to insure the said buildings, I shall have the power to effect such insurance and the money so expended by me to be deemed a part of the purchase money, bearing interest from date of expenditure, and be payable at the same time with the instalment of purchase money next thereafter falling due. WILLIAM R. POOL,

Ex. of Edward Yarborough, dec'd.

VALUABLE LAND FOR SALE

IN THE

COUNTY OF WARREN.

I offer for sale, five hundred and two (502) acres of land, situated in the county of Warren, on Shocco Creek, adjoining the Sulphur Springs. Tract of Col. J. M. Heck, on both sides of the Turnpike Road, leading from the Sulphur Springs to the flourishing Town of Ridgeway, on the Raleigh & Gaston Railroad, and nine miles from the latter place. There is an Overseer's house, three cabins, corn-crib and stables on the premises. About one-fourth (¼) of the tract is in original growth of oak, hickory, &c., one-fifth in second growth pines. The soil is sandy, loam and chocolate—surface undulating—well watered, and about 80 acres of rich bottom land. It yields excellent crops of corn, tobacco, wheat, oats, clover, &c. This is one of the best tracts of land in this section, and will be sold on reasonable terms.

Dr. George Fields, who resides near the land, will take pleasure in showing it to persons wishing to examine it, and is authorized to negotiate for its sale

SPECIAL FEATURES AND ADVANTAGES.

1st. No restriction on Residence or Travel.

2d. No extra charge on lives of Females.

3d. Policies incontestable after Five Years

4th. The rates of Interest on the Funds of the Company are higher than those on the Funds of Companies located in other States, thus insuring larger Dividends to Policy Holders.

5th. The Directors and Officers of the Company are prominent NORTH CAROLINIANS, who are KNOWN to be men of INTEGRITY and WORTH.

6th. The Company is established on a solid and permanent basis, steps having been taken to increase the Capital Stock to $500,000.

7th, ALL THE FUNDS OF THE COMPANY ARE INVESTED IN THIS STATE AND CIRCULATED AMONG OUR OWN PEOPLE. This fact should commend the Company, above all others, to North Carolinians. It is well known that hundreds of thousands of Dollars in Life Premenms are annually sent North to enrich Northern Capitalists, thus continually draining our people of immense amounts which should be kept at home. On this ground the friends of this Company confidently appeal to every son of the Old North State, and ask their support for this HOME INSTITUTION, which, while it offers substantially all the advantages of Northern Companies, helps to build up HOME INTERESTS.

SUMMER WINDS.

Summer winds! come from the south and west,
And over the meadows blow;
I love your whispers among the trees,
Gentle, and tender, and low.
The odors bring from the rain-filled rose,
The slender-stemmed blue bells thrill;
Over the thyme-banks ramble and play,
And ripple the brambled rill.

Come from the south and the sunshine cool,
And rustle the laurel leaves!
Welcome ye sound in the dewy morns,
And the purple tinted eves.
Ye are songs, sweet songs, for opening flowers,
On mountains, in fields, and dells;
Fill with your music the woods and groves,
Blow by the lilies' white bells.

Swim over the fields of grass and corn,
And rock the bird in its nest;
Then through the ripening orchards ride,
When white clouds faint in the west.
Wander to flower-filled valleys and sing,
When the warbling lark springs up;
And dew-drops lie in the young wild rose,
Like gems in a coral cup!

We're waiting to hear ye once again,
Now the days are warm and long:
To hear ye sing in the leaf-crowned trees,
To the earth and flowers your song.
Then come soft voices of summer, come,
And linger in woods and lanes;
In the blushing morn, and when the eve
In a golden slumber wanes!
